Adobe Creative Cloud for teams

Unleash limitless creativity and collaboration to power your business's success.

Adobe Creative Cloud for teams gives you the world's best creative apps and services in a single, secure, integrated platform. Now your creative and marketing teams can design incredible content using professional-grade apps along with easy-to-use design tools like Adobe Express, boost creative productivity with generative AI features powered by Adobe Firefly, collaborate seamlessly with each other, and achieve faster success with easy access to amazing creative assets and intuitive learning content. Plus, you can count on simplified license management over your software and assets to help your team stay focused on creating great work.

Create for virtually any medium with 20+ apps.
Design the highest quality work for print, web, video, mobile, and immersive media using the latest versions of Creative Cloud apps. Use generative AI features in Adobe Photoshop and Adobe Illustrator to quickly make edits and variations of your designs using simple text prompts. With Adobe Express, you can take existing assets and create more types of content using templates designed for a variety of mediums or start projects from scratch using text prompts.

Discover easy ways to work better together.
Fast-track feedback and approvals by sending links to your design files and get comments right inside your Creative Cloud apps—anyone can view and comment via the web, even if they don't have a paid Creative Cloud membership. Easily view the version history of a cloud document or Creative Cloud file, and restore previous versions for up to 180 days. Get 1TB of storage per user with the option to pool storage for the whole team for greater flexibility. And work more productively with the apps you use every day thanks to integration with Microsoft Teams, Microsoft Power BI, Confluence, Slack, and other key business tools.

Maintain brand consistency.
Help ensure a consistent look and feel across all your business assets. Share colors, images, and other elements of your creative system and control editing across apps and devices using Creative Cloud Libraries. Your libraries are available inside your Creative Cloud apps as well as Microsoft Word, PowerPoint, Gmail, and Google Workspace. Use the API to fully integrate libraries into your design workflows and get flexible access to your creative elements and designs.

Get the assets, resources, and help you need.
Find fonts, colors, templates, and creative assets using Adobe Fonts, Adobe Color, and Adobe Stock. Creative Cloud for teams Pro Edition includes unlimited access to Adobe Stock standard assets.* Discover creative inspiration on Behance, and learn new techniques using interactive tutorials. Build a best-in-class creative team with the integrated Adobe Talent job posting service. Get advanced technical support plus 1:1 Expert Sessions to help your team master new creative skills and workflows. And access Help content online anytime, or call a dedicated support line with local language assistance during business hours.

Control your company's assets.
Maintain security with sharing controls and user permissions. Plus, Creative Cloud's asset retention features give you peace of mind that assets and libraries are protected when there are staffing changes.

Simplify license management.
The web-based Admin Console enables administrators to add or reassign licenses anytime with just a few clicks. Billing catches up at your next payment cycle. Deploy apps and updates your way—either handle them centrally or let team members self-install as needed. Either way, they can start downloading and using apps immediately.

Unlock savings.
Get budget predictability and lower upfront costs with an annual Value Incentive Plan (VIP) membership that gives you access to Adobe's creative desktop apps plus exclusive feature updates at no additional cost. Choose your own subscription anniversary date to align with your organization's budget cycle. Enjoy volume discounts for 10 seats or more with VIP.

*Adobe Stock is a separate purchase without a Pro Edition plan.

What's included in Creative Cloud for teams

	Component	Use
	Desktop apps
