## SUPPORT PLAN - CO-MANAGED IT SUPPORT

### YOUR BUSINESS REQUIREMENTS

You have a team of 60+ employees in the health care industry. You have an internal IT department that manages your day-to-day IT needs, such as maintaining servers, managing databases, and providing technical support to your employees.

However, while your internal IT team is excellent in handling day to day tasks, you lack the specialised knowledge required for certain projects, such as implementing advanced cybersecurity measures or migrating to a new cloud platform. You would like to partner with an outsourced IT company that can provide you with the additional support and expertise you need to effectively manage your IT infrastructure and projects.

### SOLUTION

We are your IT department's support. Our team specialises in many different facets of IT. We offer everything from Project Management, Cloud Management, Migration services, Infrastructure monitoring and Cyber-security implementation and management.

Includes:

- Guaranteed fixed price per month based on your requirements
- 24 x 5 support to dedicated contact
- Guaranteed Service Level Agreement

*CMS monitor our IT infrastructure and are a valuable asset for my IT Team. It gives me a secure feeling knowing CMS are ready to help when required*

## SUPPORT PLAN - 365 SUPPORT

### YOUR BUSINESS REQUIREMENTS

You have a small business with a team of 5-10 people, you are in the commercial food industry and most of your IT requirements are met by cloud applications. You have a heavy reliance on Microsoft 365, email, One Drive, SharePoint and use Teams as your phone system.

You don't want to overspend on IT but want to ensure someone is there to help if anything were to go wrong.

### SOLUTION

We offer complete Microsoft 365 support which covers:

- Email & all Microsoft 365 Applications - One Drive, SharePoint, Teams, Word, Excel etc.
- 24 x 5 remote support by phone & ticket
- 20% discount on Adhoc desktop support rate

ON THIS PLAN WE REQUIRE BUSINESSES TO HAVE BASIC EMAIL SECURITY IN PLACE, SUCH AS MULTI FACTOR AUTHORISATION (MFA) AND MICROSOFT 365 DEFENDER.

*We have been with CMS for over 10 years, they are there when we need them and always fix any issues we have*
